LOGAN AND CRAIG WILL BE OUT OF THE LINE-UP

Coach Dobson Compelled to Shift Players in Order to Produce Strong Combination To-Morrow.

FORMATION DRILLS TO-DAY

Scrimmages Cut Out of Day's Work. Tigers Ready for Hard Battle, and Are Not Overconfident—Eleven as a Unit.

Coach Dobson announced yesterday that the game to be played with Hampden-Sidney tomorrow at Broad Street Park, the Spiders would be without the services of Logan and Craig on account of the condition in which both of these men are at present. Logan, who sustained a wrench in the game with the William and Mary game, was thought to be progressing nicely, and it was expected that he would be a large factor in the Spiders' line-up. But developments convinced Coach Dobson that the mascot's bone was badly injured. This accident has hampered the team this week, and the coach is unwilling to risk him in the fray.

The loss of these two strikes a heavy blow against the Spiders. Every one realizes that the absence of these two players will be a great handicap to the team, and will compel them to exert themselves to the utmost in order to attain a victory.

The student body of the college, appalled by this news, are far from discouraged, and refuse to be demoralized. They declare that the Spiders will be right in the game.

Coach Dobson now has a perplexing problem facing him. He must find substitutes to take the places vacated by Logan and Craig, and he must do so in a hurry.

It is difficult to say what combination Coach Dobson can think up on the spur of the moment, and the most cheerful observer is bound to admit that the outlook for the Spiders has been darkened. It is probable that the team will be forced to make up for the loss of Logan and Craig by the use of other players.

It is a fact that there has not been a week this season in which the Spiders have ended up practice as they started. It is difficult to say what combination Coach Dobson can think up on the spur of the moment, and the most cheerful observer is bound to admit that the outlook for the Spiders has been darkened.

Coach Dobson expects the game Saturday to show the power of a team which is playing as a machine. By Dobson's style of play, the personal prowess of the individual is made subordinate to the play of the team, and in which each man is made a cog.

HAMPDEN-SIDNEY, VA., November 5.—A happy scrimmage marked the second day's practice of the Spiders in preparation for their test with the Tigers. A number of touchdowns were scored by the Spiders, and the team's defense of the scrubs. Pendleton and Oliver kept out of it, as both are not entirely recovered from the game with William and Mary.
